

**Town of Effingham  
Board of Selectmen  
Decision made by telephone communication due to urgent nature of issue**

Selectmen:        Henry Spencer  
                      Lawrence Edwards  
                      Leonard Espie

On February 25<sup>th</sup> Selectmen conferred by phone on the issue of posting the roads for weight limit due to current weather conditions as they relate to condition of roads.

Due to high temperatures, underground freezing was melting rapidly, as was the large amount of snow by the roadsides. Selectmen felt that it was necessary to declare the roads weight restricted as soon as possible. Since there was no meeting scheduled for the following Tuesday, they made the decision by phone communication to have the roads posted as soon as possible. The effective date for restricted weight limit is Tuesday, February 28<sup>th</sup>. The road contractor will be notified to post the necessary signs as soon as possible.
