The Family Resource Center provides comprehensive services to parents and their children from the prenatal period through age 21. Services include:

- Home visits through Families Unlimited
- Parent Education, support, and advocacy
- Life skills training
- Family counseling
- Child care resources
- Resource, referral, and service coordination
- Supervised visitation
- Crisis intervention
- Parenting and co-parenting classes
- Court-ordered parenting services
- Watch Me Grow program
- Child Health Support program
- Home-Based Therapy Services program

The Family Resource Center seeks to strengthen families by promoting health, well-being, self-sufficiency, and positive parenting through support and education. The program goals are to improve family wellness by decreasing family stressors, therefore preventing child abuse and neglect. Being a preventative program, one measure of success is the percentage of families who are at risk but who never enter the DCYF system.

Referrals come from multiple sources including doctors, mental health professionals, DCYF, and the local school systems. Funding agencies for this program include the NH Department of Health and Human Services (DHHS), the Division for Children, Youth, and Families (DCYF), and the Division of Public Health.

This past year we served seventeen families in Effingham, and we expect that number to increase as we continue expanding this program. So far this fiscal year (since July), we have seen six families in Effingham.
