See the email below from HEB regarding the 4325 Solid Waste Cleanup.
I have attached the signed budget sheet I receive from Chuck for \$10,000.
Darlene

Subject: RE: 2022 Effingham Landfill Budget Numbers

Hi Darlene.

The current permit requires annual PFAS monitoring at 4 wells, and this year we need to complete routine groundwater monitoring at 5 wells. The \$10k budget will cover all necessary testing (PFAS & Routine), as well as HEB's time for completing the required reporting and landfill post closure inspections.

Hopefully that helps!

Hi Eric,
Does this include groundwater sampling/testing only? How many tests are required next year?
Is this testing for PFA also?

Thanks,

Darlene McWhorter

Subject: 2022 Effingham Landfill Budget Numbers

Hi Darlene,

Just wanted to follow up regarding the 2022 budget numbers for the landfill.

Based on next year's anticipated scope of work, I estimate a budget of \$10,000 would cover the required groundwater sampling/testing and HEB's fees.

Let me know if you have any questions.

Thanks!
